Friday

Family & Youth

For families and youth, that means amenities and activities that keep parents and kids engaged and entertained. Plan an activity or rent our multi-purpose rooms or our large banquet space for parties, celebrations and other special occasions. Take full advantage of our two indoor pools: one 6-lane lap pool for swimming, water aerobics and one uniquely accessible warm water “zero-entry” family pool (complete with spray bay) for infant and toddler play, as well as swim lessons, and other year-round, kid friendly aquatic programs. You’ll also love the convenience of our family locker room!

Individuals

There is plenty for everyone to enjoy at the Newtown Community Center. The 6-lane lap pool or activity pool are ideal for some quality swim time. Host a party or milestone celebration in one of our banquet rooms. Meet new friends or peers at social events throughout our meeting and multi-purpose rooms. There’s always a detailed Calendar of Events—no matter what the activity our campus affords endless opportunities for connection and interaction.

Teens & Tweens

For teens and tweens, that means a safe and spacious place to meet up with good friends—and make a few new ones. Gather for pizza and a movie in one of our activity rooms. Host a “Battle of the Bands” in a multi-purpose room. Join an art, wellness, after school program or chill at the pool. Hire a DJ and throw a birthday party. If you’ve got the ideas, we’ve got the space!

Seniors

For seniors, that means programs designed to complement those of our campus neighbor, the Newtown Senior Center. Enjoy our 6-lane lap pool and unique-to-the-area “zero entry” pool that’s easy in, easy out – great for water aerobics. There’s also a selection of engaging activities such as evening social events and multi-generational opportunities.

The Community Center will provide all the materials for this class. You don't need to be a proficient swimmer to enjoy this class, but you will need to get into the water to get to your paddleboard for class. Pool depths vary by location.
